Dear Dan,

Enclosed is a letter from Dreyers Forlag, the Norwegian publisher, who would like to bring out Papers on the War. It's addressed to our Norwegian agent.

Could you let us know if their plans for cutting the book are acceptable to you.

Please write or call me. Thanks.

Best,

Dan Green

I've just been notified that Papers on the War is the co-winner of the Washington Monthly Political Book Award for 1972 with Frances Fitzgerald's Fire in the Lake.
